

Broad Ford Elementary School

Plan for Delivery of Instruction for Individual Students in Quarantine or Isolation

Student Work:

When a student is absent due to quarantine or isolation, your child's teacher will provide work based on the current instruction in the classroom. Teachers may provide work through paper packets, books, assignments in Schoology, online resources or other resources to help your child stay on track while absent from school. The GCPS make-up work policy will be followed should a student be unable to complete work while in isolation or quarantine.

Student Devices & Hotspots:

Students in quarantine or isolation will be given a device to take home. Hotspots are also available for students in quarantine or isolation who have limited or no internet access. If your child is in quarantine or isolation and you need a hotspot, please contact Mrs. Coluzzi or Mrs. Knepp at 301-334-9445.

School Liaison:

Broad Ford Elementary School has identified a liaison for each student who is required to quarantine or isolate. Your child's school liaison is your child's classroom teacher. The classroom teacher will ensure that your child has the technology and curricular resources necessary to access instruction.

Instructional Support:

Broad Ford Elementary School is working hard to provide instructional support to students in quarantine and isolation. Tutors and/or teachers are available to provide synchronous virtual instructional support. If you and/or your child have questions regarding the assignments provided by the teacher, please feel free to use the virtual link that is available on the school's website. Please see the schedule below for the days and times the staff will be available to help.
