Dear Parents,

Happy Tuesday! Below is a synopsis of our week.

The students continue to work on researching and reading about their subject for a biography study that will turn into an expository writing assignment. Ask your child about the person whom they are researching.

In math we continue to work on dividing decimals by whole numbers. We will begin dividing decimals by decimals tomorrow.

Science finds the students working with a new program through a group called Everfi, that has created STEM activities that incorporate mathematics and science while learning about hockey. The National Hockey League has teamed up for this activity. The students will learn about/review topics such as area, potential and kinetic energy, states of matter, angles, and geometric figures.

We are heading towards the French and Indian War in social studies. The students created vignettes about life in the colonial period as the colonists become unsettled about England ruling over them.

Spelling test will be Friday. They continue to write words in cursive, and practice during the week here at school.

Attached to the letter is our list for Valentine’s Day. Grade 5 will be having a small snack and then distribute the cards. Please make sure your child has a card for every student. This is not a party, but simply a time to distribute cards and enjoy reading them. This will take place from **1:10 – 1:40 on Friday**.

Have a great week.

Mrs. Donna Deal

Student list

Kaydance Beachy
Maria Bequette
Jace Conner
Alieah Crawford
Brady Dixon
Adam Durr
Tanner Garlitz
Kaden Green

Laura Huelskamp
PJ Kifer
Liam McGeady
Sophia Rankin
Matthew Topper
Abigail Weimer
Kyra Yoder
