   c. Other important items
   d. Safe Driving Initiative - ideas
   e. Coaster
   f. Other

X. Advisor’s Notes

XI. Adjournment
Garrett County Association of Student Councils Minutes- April 20, 2013

Opening: The meeting was called to order by the Vice President, Annie Fratz, at 9:15. Each person wrote down their name in place of roll call. Alex Miller moved to accept the minutes with a few changes and Jill Wood seconded the motion. General Consent was called, and there were no objections, so the motion passed. The Treasurer’s Report was given by Justin Derato. There is a current balance of negative $384.24 because the money to pay for the Pirates tickets was taken out of it, but it will become positive again once the money that people paid for their tickets is added back in.

School Reports: Northern Middle School is having 5th grade orientation soon and hoping to help at the senior citizen prom. Also, their last dance is May 10th with a city lights theme and there is a petition about the last day of school going around the middle school for students to sign. Northern High School had an assembly for Relay for Life that went really well, had Principal’s Advisory meetings where they discussed issues such as speech classes and bus locks, and needs to make 20 more Dove Center bags with the regular toiletries and new items such as sweat pants and t-shirts. Southern middle School and Southern High School were not present.

Old Business: The attendees of MASC on March 20th through March 22nd said that it was a very inspirational experience that consisted of a variety of workshops and guest speakers. We are no longer going to do the generic raffle ticket fundraiser. During the Board of Ed. meeting on April 9th, all of the students who attended did a very good job presenting what their student government did throughout the year and any problems that their school has. The pirates game currently has 34 people attending, but there are still 10 tickets remaining. Ms. Harman has the GCASC officer applications and has also sent them to the other advisors.

New Business:

A. Ms. Harman is still waiting to hear from the Wisp about availability for Vera Bradley Bingo. It may be better to just plan to have the bingo in the fall of next year.
B. John Major, the SMOB candidate for this year, presented his platform to the GCASC members present and then was interviewed by them. He is the candidate that will be recommended to the Board of Ed. by GCASC.
C. We are still waiting for Board of Ed. approval for students to be able to help at the senior citizen prom.
D. We will have two more meetings this year. One will be in May and one will be in June, but the dates are not yet determined.
E. Some ideas of ways to boost leadership/student government involvement in the schools were discussed, such as a leadership retreat with workshops or inviting representatives from school clubs to come and report at our meetings.

Ashley Parandhamia moved to adjourn the meeting and Alex Miller seconded the motion. General consent was called, and there were no objections, so the meeting was adjourned at 10:38.

Respectfully submitted, Annie Fratz Annie Fratz
