SENIOR TO DO LIST

Are You Ready?
Planning to Apply to Garrett College?

- You can apply online at [www.garrettcollege.edu](http://www.garrettcollege.edu) or you can pick up an application in the Guidance Office.

- Make an appointment with your School Counselor to order a transcript to be sent to Garrett or any college where you have submitted an application.

- At the end of the school year, you will also need to inform the Guidance Office which college you have selected which is where your final transcript will be sent.
Are you wondering how you will pay for college?

- **Financial Aid and Scholarships** come from various sources:
  - **Federal Government** – to any school you plan to attend
  - **Maryland Government** – if you are attending college in Maryland
  - **Institutional Aid** – Check with the schools you are considering attending on how to apply for their financial aid and scholarships
  - **Private Sources** – You can find aid through employers, the local community and on the state and national level.
Types of Aid

- Scholarships are usually based on a student’s academic performance and involvement in extracurricular activities or sports. Some scholarships are based on financial need.

- Grants are awards that may be based on financial need or other eligibility criteria. Grants typically do not require repayment.

- Loans, unlike grants and scholarships, must be repaid. Federal loans (subsidized and unsubsidized) and other educational loans may be made to students, parents, or both. It is best to exhaust all federal options before turning to private loan sources.
• Subsidized loans do not require borrowers to pay interest while in school (the federal government pays the interest on these loans).

• Unsubsidized loans require borrowers to pay interest while in school or have it capitalized (i.e., added to the total loan amount).

• Work-Study is a federal program that provides funds to students through jobs arranged by the college.
How to apply for aid

- Federal Government
  - Complete the Free Application for Federal Student Aid (FAFSA) before March 1
  - Go to [www.fafsa.gov](http://www.fafsa.gov)

- You need to be involved in this – when you are in college, the college staff will want to talk with you, not your parents, about your financial aid. You need to know!!
